

Gutter Master® 1030

AUSTRALIAN MADE &
DESIGNED

VACUUM GUTTERS
FROM THE GROUND

20 METRES HOSE
LENGTH CAPABILITY

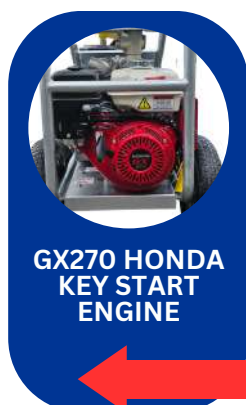

PORTABLE, MODULAR
DESIGN

The Gutter Master® 1030 is a compact, modular industrial vacuum system that can be easily wheeled off & on a trailer, at 620mm wide it will fit through any standard door way. Designed specifically for the mobile tradesman & cleaning contractors, the 1030 delivers the performance required from the safety of the ground.

Wheel the system through garages, doorways and around retirement villages to enable close up access. The system is easily removed from vehicles, trailers and vans using lightweight alloy ramps.

The Gutter Master® 1030 is the world's most powerful, modular & mobile industrial roof gutter cleaning vacuum system. Add an additional 10 metres of vacuum hose to enable you to clean from the roof.
