

WASTE MASTER™ VACUUM TANKS

**300 LITRE CAPACITY
FOR VEHICLES**

**500 LITRE CAPACITY
FOR TRAILERS /
TRUCKS**

**HIGH EFFICIENCY
CYCLONIC DUST
SEPARATION**

Designed and manufactured by Applied Cleansing Solutions®. The Waste Master™ vacuum tanks provide clients with economical tank options, compared to our traditional tipping frames for 205 Litre drums & our large 1000 Litre hydraulic tipping vacuum tanks.

Manufactured from high carbon steel and rated for up to 22" hg vacuum. Each tank is precisely manufactured and welded using mig welding procedures. Powder coated both internally and externally to provide anti corrosion long lasting finish.
